TonDolphins

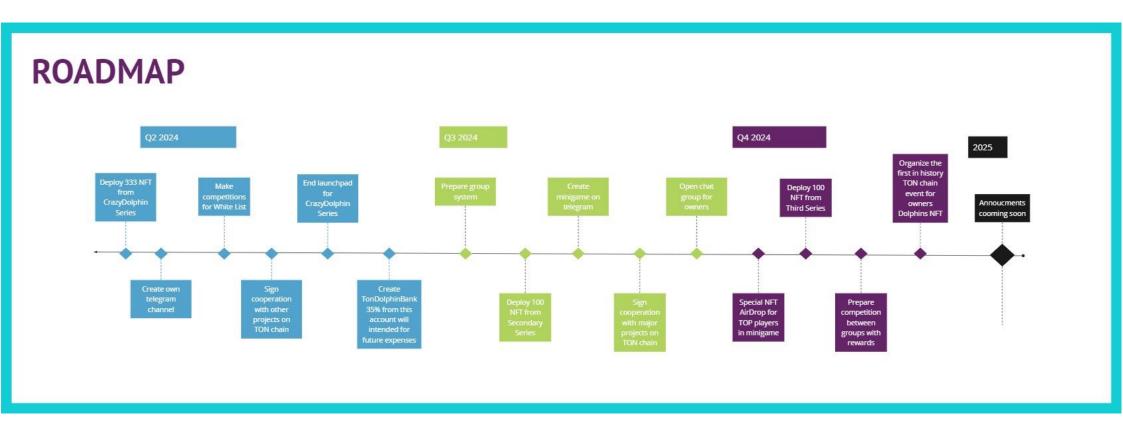

1. About us

TonDolphins is a project consisting of three series of NFTs representing clothed dolphins. Each dolphin can be dressed in one of 5 shirts, hats, fin accessories, pairs of glasses, skin colors, and backgrounds. The subsequent series will feature different outfits.

2. Target

Our target is very active users on the TON chain from different places on Earth, and combining various cultures of cryptocurrencies trading from all over the world. We want to enable meetings in real life for these users. In the project, each NFT holder can create his group, in which he can find new opportunities. You can observe their movements in the TON chain, share their transactions, inform them about potential moves on the TON chain, and also communicate with their group. TonDolphins is open to whales and large investors, but also for newbies via our policy of the project.

3. Roadmap

4. Cooperation

Would you like to work with us? We are looking for active groups and influencers who will proudly promote our first series NFT CrazyDolphins. After long-term and fruitful cooperation we want to create with you a dedicated second series entitled: BusinessDolphins. In this series, the top 10 promoting groups or influencers will get a miniseries of 10 NFT, which gives a second launch of 100 NFT!

5. NFT Series launch split into:

333 CrazyDolphins NFTs will be split into:

- 50xNFT White List (-50%)
- 250xNFT Public Sale
- 13xNFT Owners payout
- 20xNFT Share for the promotion

100 BusinessDolphin NFTs Series will be split into:

- 20xNFT White List chosen by winners (-80%)
- 80xNFT Public Auction List (Started price same as Public Sale)

6. Party? Yes Sir.

After completing 3rd Launch owners of TonDolphins NFT will offer you a party in one of the biggest cities in Europe. This event will have over 500 people, where everyone who is a holder NFT Crazy Series will get a dual invitation, and everyone who is a holder of the Secondary or Third Series will get a single invitation. TonDolphinsBank will provide funds for the meeting after the 3rd Launch. After our preliminary calculations, the party will cost over *5 000 \$TON*. It will establish the largest event in the TON chain.
